

## Audio Conference Call Recording Options

Service	Description	Rate
Meeting Stream	<p>Meeting Stream is an online audio streaming application that can be used for standard conference calls, high-profile events, distance learning classes, seminars, etc. Meeting Stream enables you to reach thousands of listeners at once for less than the cost of a standard conference call. Your Meeting Stream conference can be recorded, indexed, and archived for anyone who missed the live call. Playback is done via Microsoft MediaPlayer or RealPlayer.</p> <p>All Meeting Streams include the following:</p> <ul style="list-style-type: none"> <li>• 1 hour event</li> <li>• 1 month of archiving</li> <li>• Unlimited number of listeners</li> <li>• windows Media and Real Player formats</li> </ul>	<p>Unlimited Listeners \$400</p> <p>* Each additional hour or part thereof \$ 99.00</p> <p>* Each additional month of archiving or part thereof \$ 99.00</p>
Digital Replay	<p>A digital recording of the conference call can be made available for playback at any time. Conference participants dial into the automated playback center via a toll-free access number at their convenience with options to fast forward, rewind and pause the recording.</p>	26¢/min.
CD ROM Recording	Records the conference call into a CD ROM format.	\$34.50
MP3 File	Records the conference call onto an MP3format.	\$34.50
Tape Recording	Record a conference on standard audio (60 minutes) or DAT (90 minutes) cassette.	\$15.00
